Nourish to Flourish, **Summer 2021**

 [Watch video | Akshaya Patra beating holiday hunger](#)

The UK has close to 3 million children who are at risk of hunger during school holidays.

TAFP UK was humbled and honoured to serve thousands of children in London and Hertfordshire boroughs attending council-run holiday and sport clubs this past summer. Your support helped us to provide hot and nourishing vegetarian meals during the 6 week holiday period, as part of the HAF Programme. For too many of these children, this was their only hot meal of the day.

Up to 50,000 meals

"The uncertainty staring at our children, after the pandemic, is like never before. Lack of access to a plate of warm food has meant severe malnutrition, leading to several health problems burdening our health systems. Your trust in The Akshaya Patra Foundation UK, keeps us going, with a mission to leverage our technology-driven kitchen to deliver meals to as many as we can help. My entire team and I remain committed to serving and we'd love to hear from you. Let's collaborate to rid our world of this terrible menace."

- Bhawani Singh Shekhawat, CEO & Trustee, TAPF UK

INDIA COVID SECOND WAVE: NEARLY 200 MILLION MEALS SERVED

In March 2020, The Akshaya Patra Foundation (TAPF) turned all its resources to offering Food Relief across the country. The Foundation served at-risk communities with cooked meals, grocery kits and expanded support to Mid-day Meal beneficiaries with Happiness kits.

POWER OF £1

As children make their way back to schools after a long pandemic break, we urge you to sign up for a direct debit. £1 feeds a child in India for a month. This meal at school is sometimes the only guaranteed meal for many children, eager for an Education.
